# Revised Emergency Appeal

## Philippines: Mindanao Earthquakes

 International Federation  
of Red Cross and Red Crescent Societies

Appeal n° MDRPH036

Glide n°: [EQ-2019-000129-PHL](#)  
and [EQ-2019-000168-PHL](#)

To be assisted: **40,500 people**

DREF allocated: **598,467 Swiss francs**

Funding requirements: **2,700,000 Swiss francs**

Appeal launched: **31 October 2019**

Appeal ends: **31 December 2020**

This Emergency Appeal is revised to seek a total of **2,700,000 Swiss francs** (CHF) (revised from CHF 1,850,000) to enable the IFRC to support the **Philippine Red Cross** (PRC) to deliver assistance and support to some **40,500 people for 14 months**, with a focus on shelter, livelihoods, health, water, sanitation and hygiene (WASH), protection, gender and inclusion (PGI), migration and disaster preparedness, through strengthening the National Society, ensuring effective international disaster management, influencing others as a leading strategic partner, and ensuring an effective IFRC. The planned response reflects the scaling up of the operation into other operational areas in Mindanao following the 6.9 magnitude earthquake happened on 15 December 2019. The plan is based on the current situation and information available at this time of the evolving operation and will be adjusted based on further developments and more detailed assessments.

### The disaster and the Red Cross Red Crescent response to date

- 16 October 2019:** A 6.3 magnitude earthquake struck Tulunan, Cotabato. PRC chapters from the affected areas mobilize their staff and volunteers to support the affected population.
- 29 October 2019:** Another strong 6.6 earthquake struck Tulunan, Cotabato. IFRC launched a DREF (Disaster Relief Emergency Fund) with CHF 223,467 to support PRC.
- 31 October 2019:** Another strong 6.5 earthquake struck Tulunan, Cotabato. IFRC issues Emergency Appeal for CHF 1.85 million to support PRC to deliver assistance to 35,500 people in 14 months. An additional CHF 200,000 (making the total CHF 423,467) is allocated as a DREF loan to the Emergency Appeal.
- 25 November 2019:** IFRC issues a revised Emergency Appeal for CHF 2.1 million which increases support to life-saving interventions being conducted by Philippine Red Cross.
- 15 December 2019:** A 6.9 magnitude earthquake strikes in Matanao, Davao del Sur. PRC chapters from the affected area have mobilized their staff and volunteers to support the affected population.
- 16 December 2019:** IFRC issues a Revised Emergency Appeal for CHF 2.7 million which extends support into areas affected by the earthquake in Matanao, Davao del Sur; with the intention of delivering assistance to 40,500 people in 14 months. An additional CHF 175,000 (making the total CHF 598,467) is allocated as a DREF loan to the Emergency Appeal.

#### Timeline of strong earthquakes since 16 October 2019

5.5M 6.3M	5.2M	5.0M	5.4M 6.1M 6.6M	5.0M	6.5M	6.9M
16 Oct 19	17 Oct 19	19 Oct 19	30 Oct 19	30 Oct 19	31 Oct 19	15 Dec 19

Click [here](#) for map.

On 29 October 2019, a series of strong earthquakes struck Tulunan in the province of North Cotabato, Mindanao. The first magnitude 6.6 and 7 km deep earthquake was recorded at around 9:04am in Tulunan by the Philippine Institute of Volcanology and Seismology ([PHIVOLCS](#)). The second significant Magnitude 6.1 and 9 km deep earthquake shook the North Cotabato Province at 10:42 with almost the same epicenter. Just two days after, on 31 October 2019 at 9:15 am, another tectonic <sup>1</sup>magnitude 6.5 earthquake shook central and eastern Mindanao at a shallow depth of two kilometres. Once again, the epicenter was identified in Tulunan, North Cotabato. A State of calamity<sup>2</sup> was declared for Davao del Sur on 30 October and Cotabato on 5 November, the two-hardest-it provinces. These earthquakes, as well as the magnitude 6.3 earthquake recorded on 16 October 2019, with the same epicenter location, are considered part of a sequence of events resulting from interdependent faults in the region. No Tsunami warnings were issued but many aftershocks, ranging from magnitude 1.5 to 5.5 have since been recorded.

As of 30 November 2019, the [NDRRMC](#) has reported the following:

<b>Earthquake</b>	Earthquake on 29 October – 6.6 magnitude Earthquake on 31 October – 6.5 magnitude
<b>Affected</b>	71,247 families, 349,266 people, 362 barangays, Regions XI and XII
<b>Displaced – Inside Evacuation Centre</b>	13,073 families or 60,130 persons taking temporary shelter in 107 evacuation centres in Regions XI and XII
<b>Displaced – Outside Evacuation Centre</b>	25,812 families or 125,609 persons currently staying with their relatives and/or friends
<b>Casualties and injured</b>	23 dead, 563 injured, 11 missing
<b>Houses damaged</b>	26,025 totally, 23,665 partially
<b>Schools damaged</b>	37 totally, 1,508 partially
<b>Health facilities damaged</b>	50 totally, 224 partially

### Highlight update about the 6.9 magnitude earthquake on 15 December 2019

On 15 December 2019, another strong earthquake struck Mindanao – Matanao, Davao del Sur – [see map](#). The earthquake was recorded at 2:11pm (local time) at magnitude of 6.9 and 3km deep. As of 16 December 2019, 5:00am, there had been 457 earthquakes recorded by [PHILVOCS](#). PHILVOCS reports that the strongest intensity was intensity VII (destructive), and damage and aftershocks were expected. Summaries of the intensity recorded are as follows:

Reported intensities are:	
Intensity VII	- Matanao and Magsaysay, Davao del Sur
Intensity VI	- Kidapawan City; General Santos City; Bansalan, Davao del Sur; Alabel and Malapatan, Sarangani; Koronadal City
Intensity V	- Tulunan and Matalam, Cotabato; Cotabato City; Davao City; Gian, Sarangani
Intensity III	- Kalilangan, Talakag, and Dangcagan, Bukidnon
Intensity II	- Impasug-ong, Bukidnon; Cagayan de Oro City; Dipolog City
Intensity I	- Zamboanga del Sur

*For reference purposes, please see the Philippine Institute of Volcanology and Seismology (PHIVOLCS) Earthquake Intensity Scale through this [PEIS](#) link.*

Another temblor, measured at magnitude 5.2, struck Matanao again at 3:09pm (local time), according to PHIVOLCS. These recent earthquakes have further exacerbated the situation of the population previously affected by the series of strong earthquakes since 16 October 2019. Further, more areas are now expected to be affected by this recent earthquake. According to the [NDRRMC](#), 315 houses from Hagonoy, Davao del Sur were partially damaged. There are damaged infrastructures reported in Davao Region (Region 10) and SOCCSKARGEN<sup>3</sup> (Region XII) such as schools, government offices, hospitals, gymnasium and markets.

<sup>1</sup> [Types](#) of earthquakes and faults

<sup>2</sup> State of Calamity, [REPUBLIC ACT No. 10121 – implementing rules and regulations](#)

<sup>3</sup> SOCCSKARGEN is an acronym that stands (formerly known as Central Mindanao) for the region's four provinces and 1 city (South Cotabato, Cotabato, Sultan Kudarat, Sarangani and General Santos).

There were power interruptions reported in 12 municipalities and cities in Davao Region and SOCCSKARGEN. The earthquake has also called for class suspension in nine municipalities and cities in the same region mentioned. According to NDRRMC, two are confirmed dead, including a 6-year-old girl, and 31 reported injured. According to the Pacific Disaster Center (PDC), the total population exposed from this event is estimated up to 4.4 million people (over 830,000 households), in which more than 30 per cent of the population categorised as children.

Assessments continue, including in the hard to reach areas, and will reveal more information on the impact of the earthquake across the provinces. The figures on damages and casualties are expected to increase.

PRC Davao Del Sur is assisting the search and rescue operation at a collapsed structure in Padada, Davao Del Sur. (Photo: PRC)

## The operational strategy

Immediately after the first series of earthquakes, the Philippines Red Cross (PRC) has initiated a range of interventions in coordination with national, provincial and municipal government and deployed personnel, including Water, Sanitation and Hygiene (WASH), Welfare, Relief, Logistics (trucks, vehicles) and other assets and labour required for the operation. As of 6 December 2019<sup>4</sup>, PRC had been able to carry out the following activities to respond immediately to basic needs:

Sector	Actions taken
<b>First Aid</b>	<ul style="list-style-type: none"> <li>• 16 First Aid stations established</li> <li>• 8 ambulances mobilized</li> <li>• 11 individuals assisted and transported</li> <li>• 91 individuals reached with first aid management</li> <li>• 777 individuals assisted with blood pressure readings</li> </ul>
<b>Psychosocial support</b>	<ul style="list-style-type: none"> <li>• 13 Evacuation centers/sites served with welfare desk</li> <li>• 5,957 Individuals reached through psychosocial support program (psychological first aid: 2,793; child-friendly spaces: 3,164)</li> </ul>
<b>Food</b>	<ul style="list-style-type: none"> <li>• 15,104 individuals served with hot meals and bread</li> <li>• 3,167 families provided with food packs</li> <li>• 5 communal kitchen projects, including one communal kitchen completed, two ongoing and two waiting for additional materials.</li> </ul>
<b>Emergency shelter</b>	<ul style="list-style-type: none"> <li>• 2,044 families provided with tarpaulins (emergency shelter)</li> <li>• 468 families provided with tents</li> </ul>
<b>Essential household items</b>	<ul style="list-style-type: none"> <li>• 2,322 families provided with sleeping kits</li> </ul>
<b>Water, sanitation and hygiene</b>	<ul style="list-style-type: none"> <li>• 2,822,056 litres of water distributed</li> <li>• 12,327 people reached with hygiene promotion</li> <li>• 65 portable toilets, 8 transitional toilets and 26 shower facilities installed</li> <li>• 14 water bladders installed for water provision</li> <li>• 5 water tankers (Davao City, GenSar, Iligan and NHQ) and 2 water treatment units mobilized to support water provision</li> <li>• 1,569 families provided with jerry cans</li> <li>• 1,875 families provided with hygiene kit</li> </ul>
<b>Manpower and assets mobilized</b>	<ul style="list-style-type: none"> <li>• Local and National Assessment Team, First Aid/Medical Team, and Welfare Team, Extrinsication Team and WASH Team deployed to support the operation</li> <li>• 27 Vehicles mobilized (2 PRC NHQ Trucks, 1 Chapter Truck, 2 Rented Truck, 5 Water Tanker, 8 Ambulance, 6 Service Vehicles, 3 Hot Meals Van)</li> </ul>

<sup>4</sup> Philippine Red Cross Monitoring Matrix for earthquake Mindanao and SitRep no. 14

On 30 October 2019, the National Society through the IFRC Philippines country office (CO) requested a DREF allocation which was approved on 31 October. This was then expanded to an Emergency Appeal seeking CHF 1.85 million; and then revised upwards to CHF 2.1 million after the completion of in-depth assessments. Following the 6.9 magnitude earthquake that rocked Matanao, Davao del Sur on 15 December 2019, the humanitarian situation has been exacerbated for the population of Mindanao, and there is now a need for the PRC, supported by IFRC and other Movement partners, to expand its operations into the newly affected areas to support those that have been affected. The municipalities of Matanao and Padada which have been especially affected by the most recent earthquake are amongst the poorest in Davao del Sur province; with much of the population already vulnerable before it struck. The impact on people's lives over the past 24 hours cannot be underestimated; and will need urgent attention. Priority needs are expected to be in the areas of shelter, health, livelihoods, protection, psychosocial support, water, sanitation and hygiene promotion. The PRC Operations Center (OpCen) has been activated, a medical team has been deployed in the field as well as search and rescue, rapid assessment and relief delivery teams.

## Proposed areas for intervention

### Overall operational objective

This Revised Emergency Appeal operation has been expanded to meet the immediate and early-recovery needs of the most vulnerable of the affected population in North Cotabato and Davao del Sur provinces. A total of 40,500 people (increase upwards from 35,500) will be supported with health, WASH and welfare services; 3,000 families (increase from 1,500) with unconditional multi-purpose grants, and 3,000 families (increase from 1,500) with food, essential household items and shelter assistance. Early recovery, focused on livelihoods and shelter inputs accompanied with technical assistance, will be provided to support the safety, dignity and resilience of 325 families (increase from 225).

Geographical areas targeted under this operation will those municipalities that have been identified as worst affected in the provinces of Davao Del Sur (Bansalan, Hagonoy, Magsaysay and Matanao) and North Cotabato (Kidapawan, Makilala and Tuluhan). Also now included are the municipalities of Matanao and Padada, as well as other surrounding locations that have been affected by the earthquake that struck on 15 December 2019. Emphasis will be placed on supporting those areas which are not being supported by other agencies; especially those in rural upland areas which were underserved prior to the earthquake.

General Santos City-Sarangani Province Chapter

PRC General Santos Chapter has responded immediately in assisting injured people following the 6.9 magnitude earthquake. **(Photo: PRC)**

The Revised Emergency Appeal contributes to the overall PRC plan of action for their response to the earthquakes. The operation will be implemented within 14 months and is expected to be completed by 31 December 2020.

## Areas of Focus

### Shelter

**People targeted: 15,000**  
 Male: 7,500  
 Female: 7,500  
**Requirements (CHF): 1,000,000**

#### Proposed intervention

##### Needs analysis and population to be assisted

*Houses were destroyed, heavily and partially damaged following the earthquakes, leaving the affected families staying in open areas or in evacuation centres. There is a need for essential household items, emergency shelter, longer term and more sustainable solutions.*

##### Activities planned to be carried out

- *Provision of emergency shelter materials and essential household items (sleeping kit and shelter grade tarpaulins) for the most vulnerable and affected households.*
- *Selection of target households per set criteria (i.e. based on vulnerability and house damage assessment) and prepare lists of households to be assisted.*
- *Provision of shelter assistance to households with fully and/or partially damaged house (which includes the procurement of shelter materials, shelter tool kit, conditional cash grants in two tranches and paired with technical assistance from PRC-IFRC shelter technical staff).*
- *Development and provision of appropriate build back better and safer messaging (IEC material) for awareness raising/training of volunteers and local builders.*
- *Awareness raising/training of volunteers for shelter intervention on build back better and safer principles, mobilization of skilled carpenters and masons.*
- *Provision of support to affected population on housing land and property (HLP) issues.*
- *Lessons learned activities on shelter emergency responses.*

### Livelihoods and basic needs

**People targeted: 15,000**  
 Male: 7,500  
 Female: 7,500  
**Requirements (CHF): 500,000**

#### Proposed intervention

##### Needs analysis and population to be assisted

*Families displaced due to evacuation require hot meals at the evacuation centres. Due to destruction or damage of infrastructures and workplaces, it is anticipated that livelihoods will be significantly disrupted by the earthquake especially for the most vulnerable. Furthermore, trauma, injuries and severe damage to properties have impacted their livelihoods. Families and communities will need support to cover their basic needs until they can recover their livelihoods with dignity.*

##### Activities planned to be carried out

- *Provision of food packs/hot meals during relief operations.*
- *Installation of communal kitchens in evacuation centres to ensure safety of displaced families by reducing the risk of fire. This will include drainage and waste disposal facilities.*
- *Rapid and detailed assessments along feasibility study on the use of cash and market analysis.*
- *Provision of multipurpose cash meet immediate basic needs of the affected families*
- *Identify strategies to ensure men and women are represented as direct recipients of cash initiatives.*
- *Undertake a livelihoods assessment to assess the impact of the disaster and the opportunities for livelihoods' recovery.*

- Orientation of selected households for livelihoods recovery; identification of profitable income generating activities, training and guidance on basic business plans development and support in application for micro-grants. Guidance for management of micro and small enterprises.
- Livelihoods support to affected households for the replacement of productive assets to recover sources of income (through in-kind and/or CVA assistance based on feasibility study).
- Development and provision of appropriate training material for community awareness raising/training on livelihoods strengthening and protection.

## Health

**People targeted: 40,500**

Male: 20,250

Female: 20,250

**Requirements (CHF): 300,000**

### Proposed intervention

#### Needs analysis and population to be assisted

Some health facilities are damaged, affected people need first aid services, stabilization and referral for injuries and psychological trauma. The quake had a strong effect on people's mental health, especially on people who have lost their love ones. There is an immediate need (especially among children) for post-disaster psychosocial assistance by trained PSS and psychological first aid (PFA) volunteers. Emergency vaccination campaigns will be conducted in the same areas but are being supported through the "Re-emergence of vaccine preventable diseases" Appeal.

#### Activities planned to be carried out

- Mobilize and register volunteers for PSS activities.
- Set up and run welfare desks in affected communities.
- Mobilize and set up emergency medical units (2).
- Mobilize ambulances and teams to provide services; and enhance search and rescue activities as needed.
- FA trained volunteers assist people in need of FA and blood pressure reading services in the affected area.
- Distribute mosquito nets to the families.
- Distribute mother and newborn baby kits to pregnant women.
- Ensure appropriate referral pathways for additional services to specialized providers.
- Assess and develop a community action plan for priority health problems in consultation with the communities and local health units.
- Provide basic supplies and equipment to health facilities or rehabilitation support.
- Mobilize Red Cross 143 community health volunteers to disseminate key messages on epidemic prevention focusing on vector-borne diseases.
- Mobilize Red Cross 143 community health volunteers for health promotion and community-based disease prevention (CBDP) activities in schools and communities.
- Provide search and rescue support to the affected population.

## Water, sanitation and hygiene

**People targeted: 40,500**

Male: 20,250

Female: 20,250

**Requirements (CHF): 400,000**

### Proposed intervention

#### Needs analysis and population to be assisted

People's immediate needs is safe and clean drinking water. There is also risks of spread of water-borne diseases from poor hygiene behavior. There is a need to provide hygiene kits and jerry cans alongside other non-food relief items.

**Activities planned to be carried out**

- *Distribute safe water to the affected population in North Cotabato and Davao Del Sur.*
- *Distribution of jerry cans and hygiene kits.*
- *Continuously monitor and test the water, sanitation and hygiene situation in targeted communities.*
- *Temporary sanitation will be required at evacuation centres and medical centres.*
- *In coordination with the shelter response select design for toilets based on consultation with targeted communities. This will be in consideration of cultural preference, safety, access for children and disabled, cleansing practices, national standards and menstrual hygiene, as well as environmental impact and sustainability.*
- *Conduct training for Red Cross volunteers on carrying out water, sanitation and hygiene monitoring and evaluation.*
- *Develop a hygiene communication plan. Train volunteers to implement activities from communication plan.*
- *Mobilize trained volunteers to promote positive sanitation behavior and hygiene practices in the communities*
- *Continuous monitoring by technical staff.*

**Protection, Gender and Inclusion****People targeted: 40,500**

Male: 20,250

Female: 20,250

**Requirements (CHF): 75,000****Proposed intervention****Needs analysis and population to be assisted**

*During times of disasters, affected people are made more vulnerable by lack of housing and economic insecurity. Vulnerable population such as children, elderly, persons with disabilities and people sick are at higher risk of exploitation and abuse especially when there are displaced from their homes. There is a need to protect these population and incorporate their different needs into the programming.*

**Activities planned to be carried out**

- *Provide follow up and technical support in compliance with IFRC Minimum Standard Commitments to Protection, Gender and Inclusion in Emergency Programming.*
- *Support activities of the PRC Welfare Desks: (i) psychosocial support; (ii) critical incident stress management; (iii) guidance and counselling.*
- *Support Sexual and gender-based violence (SGBV) reference system at local level.*
- *Provide psychosocial support to children.*
- *Provide essential services (including reception facilities, RFL, and access health, shelter, and legal services) to unaccompanied and separated children and other children on their own.*
- *Volunteers, staff and contractors sign, are screened for, and are briefed on safeguarding and Prevention of Sexual Exploitation and Abuse (PSEA) policy/guidelines.*
- *Volunteers trained in PGI in humanitarian settings to assess immediate and longer-term PGI needs, including SGBV. The assessment results will be built into the continuous planning and design across the operation.*
- *Provide temporary learning spaces for children to ensure uninterrupted learning and education.*
- *Ensure availability of safe spaces for the children in the evacuation centres as part of the welfare desks.*

## Migration

**People targeted: 40,500**

Male: 20,250

Female: 20,250

**Requirements (CHF): 30,000**

### Proposed intervention

#### Needs analysis and population to be assisted

*There are power interruptions reported in many areas. Staying connected with family members is also essential for affected people and on this regard, communications is crucial to restoring family links or sending “safe and well” messages.*

#### Activities planned to be carried out

- *Support activities of the PRC Welfare Desks: (i) restoring family links (RFL); (ii) tracing; (iii) inquiry and communications; (iv) contact of relatives; and (v) referral.*
- *Identify displaced groups in need of special assistance; and ensure pathways are in place that allow them to access basic services.*
- *Train and mobilize volunteers for RFL activity.*

## Disaster Risk Reduction

**People targeted: 2,000**

Male: 1,000

Female: 1,000

**Requirements (CHF): 50,000**

### Proposed intervention

#### Needs analysis and population to be assisted

*The Philippines is vulnerable to various disasters, including typhoons, floods and earthquakes. The frequency of natural disasters highlights the need to ensure that community preparedness and climate-smart risk reduction measures are initially implemented alongside relief and recovery interventions. As part of protecting and restoring community resilience to disasters, community-based disaster preparedness activities will be undertaken. This will be done with Red Cross 143 volunteers (a community-based type of volunteers), by having early warning early action agents to identify local risks, vulnerabilities and capacities to strengthen resilience of communities.*

#### Activities planned to be carried out

- *Establish, train and mobilize pool of 143 volunteers in targeted communities.*
- *PRC standard disaster risk reduction and management training for the 143 volunteers and community members.*
- *Guide target communities and schools to undertake climate-smart risk assessment and develop disaster risk management plans.*
- *Support target communities and schools to disseminate their disaster risk management plans to key stakeholders.*
- *Organize drills in the target communities and schools to test their disaster risk management plans.*
- *As part of DRR, conduct emergency first aid training and distribute first aid kits.*
- *Conduct safe shelter awareness and develop community action plans.*

## Strategies for Implementation

Based on the demand for the technical and coordination support required to deliver in this operation, the following programme support functions will be put in place to ensure an effective and efficient technical coordination: **human resources, logistics and supply chain; information technology support (IT); communications; security;**

**planning, monitoring, evaluation, and reporting (PMER); partnerships and resource development; and finance and administration.** More details are in the Emergency Plan of Action.

## **Strengthening National Societies**

**Requirements (CHF): 120,000**

- *Support PRC volunteer management and capacity building.*
- *Training, coaching and mentoring and financial support of staff and volunteers on various sector technical aspects.*
- *Cash-based interventions capacity building for the chapters.*
- *Logistics development support for the NS.*
- *National Society Development for Red Cross Action Team (RCAT).*
- *Chapter development including rehabilitate damage chapter.*

## **Ensure Effective International Disaster Management**

**Requirements (CHF): 50,000**

- *Surge support, including Regional Disaster Response Team (RDRT) and peer-to-peer support.*
- *Lead / Co-lead on Shelter Cluster coordination and support HCT inter-cluster coordination in-country.*
- *IFRC country office's logistics department provides constant support to the National Society's logistics unit for coordinating supply chain activities, replenishment and other procurements.*
- *IFRC country office provides fleet management.*
- *IFRC country office supports PRC in coordinating with other humanitarian actors and relevant clusters on a regular basis.*
- *IFRC country office supports PRC in coordinating with AHA Centre.*
- *Coordinate with ICRC on security context of the areas – comply with the Movement Cooperation Agreement.*

## **Influence Others as Leading Strategic Partners**

**Requirements (CHF): 175,000**

- *The PRC and IFRC communications team is ensuring that Red Cross response efforts are effectively communicated amongst its key public audiences and maintaining active online media engagement throughout the emergency operations.*
- *A composite team of PRC and IFRC communications officers will work together to generate high quality photos, video clips, and news stories for use across IFRC and PRC multimedia platforms.*
- *Mobilize PRC staff and volunteers, supported by IFRC personnel, to undertake assessments and validation to determine specific needs of affected people, capacities and gaps based on Leading Emergency Assessment and Planning (LEAP) approach.*
- *Identification of community participation modalities in programme design and implementation.*
- *Develop detailed response plans with activities that will meet identified needs of affected people and ensure that any adjustments to initial plans are informed by continuous assessment of needs.*
- *Ensure continuous monitoring of implementation by PRC and IFRC teams.*
- *Lessons learned workshop for operation.*
- *Work on reporting, accountability to communities, community engagement and accountability - A Red Cross Red Crescent Guide to Community Engagement and Accountability (CEA).*
- *Train and brief PRC frontline teams (staff and volunteers) on communication with communities to ensure CEA approach is integrated and rolled out in the operations.*
- *Produced evidence-based information (evaluation report, case study, survey).*

## **Ensure effective IFRC**

**Requirements (CHF): 0**

- *IFRC country office security focal person provides updates to PRC and coordinates with PNSs and the ICRC.*
- *IFRC and PRC ensure the security of its staff.*
- *Awareness on IFRC Fraud and Corruption Policy for Red Cross personnel and stakeholders (especially suppliers and local government units) as well as awareness on PSEA for all personnel.*

## Funding Requirements

### EMERGENCY APPEAL

#### *MDRPH036: Philippines – Mindanao Earthquakes*

#### *Funding requirements – summary*

Area of intervention	Needs in CHF
DISASTER RISK REDUCTION	50,000
SHELTER	1,000,000
LIVELIHOODS AND BASIC NEEDS	500,000
HEALTH	300,000
WATER, SANITATION AND HYGIENE	400,000
PROTECTION, GENDER AND INCLUSION	75,000

## How we work

All IFRC assistance seeks to adhere to the [Code of Conduct](#) for the International Red Cross and Red Crescent Movement and Non-Governmental Organizations (NGOs) in Disaster Relief and the [Humanitarian Charter and Minimum Standards in Humanitarian Response \(Sphere\)](#) in delivering assistance to the most vulnerable. The IFRC's vision is to inspire, **encourage, facilitate and promote at all times all forms of humanitarian activities** by National Societies, with a view to **preventing and alleviating human suffering**, and thereby contributing to the maintenance and promotion of human dignity and peace in the world.

The IFRC's work is guided by Strategy 2020 which puts forward three strategic aims:

**Save lives,**  
protect livelihoods,  
and strengthen recovery  
from disaster and crises.

Enable **healthy**  
and **safe** living.

Promote social inclusion  
and a culture of  
**non-violence** and **peace**.
