EAP Activation Notification

Kyrgyzstan: Heatwave

 International Federation
of Red Cross and Red Crescent Societies

Operation n° MDRKG014

To be assisted: 13,850 people

Launch date 18/07/2022

EAP number: EAP2021KG01

FbA by the DREF allocated: 349,991 Swiss francs

End date: 31/10/2022

The Early Action Protocol hazard and trigger

- 7 September 2021: EAP approved
- 15 June 2022: Forecast monitoring started, with weekly tailored temperature forecasts provided by KG Hydromet
- 17 July 2022: Trigger reached
- 5 days: Early Action lead time
- 24 July 2022: Expected early actions end date

Early Action Protocol activation

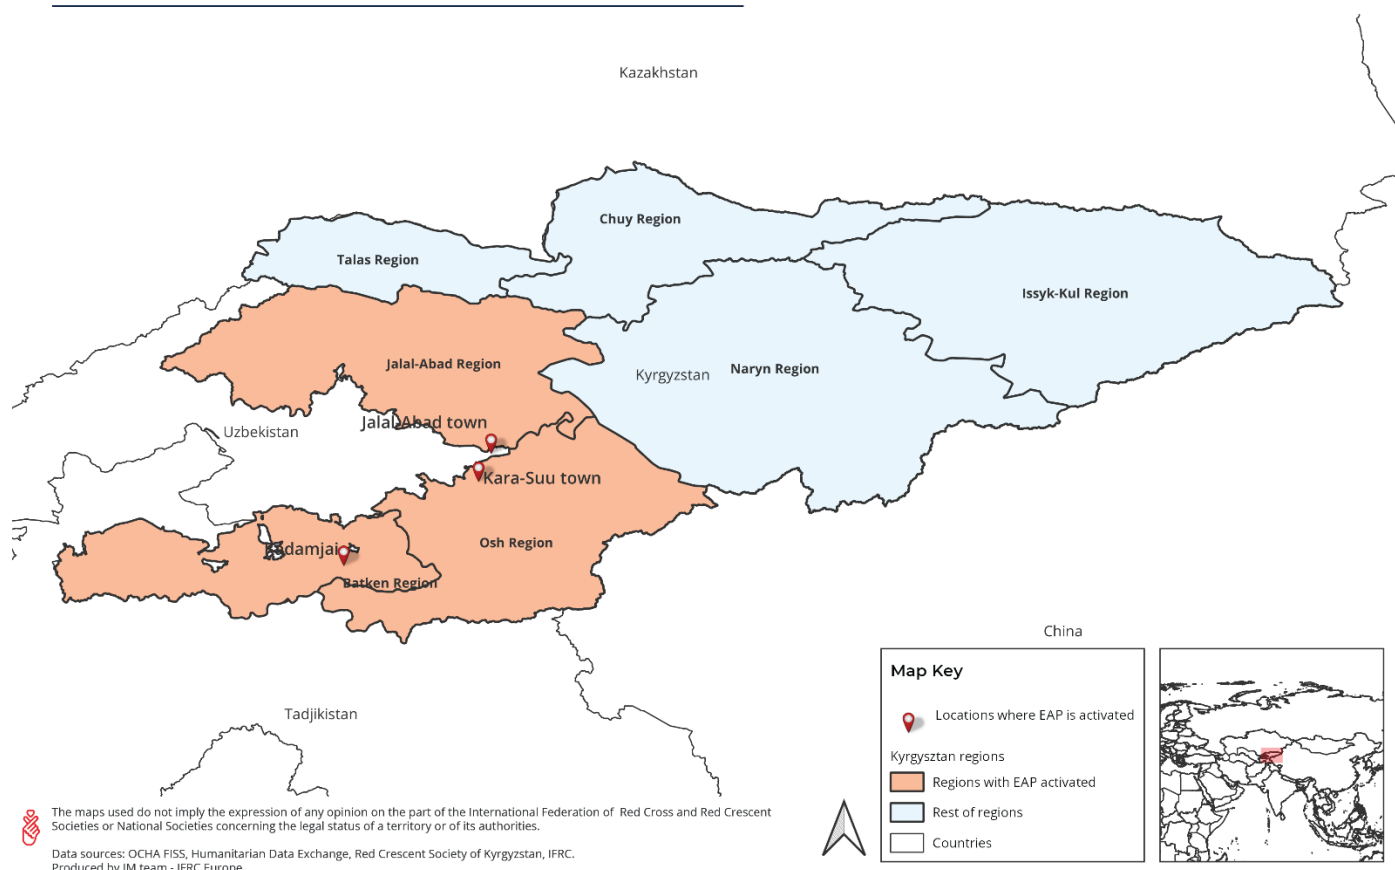

General Overview:

The Kyrgyzstan Red Crescent has activated its Early Action Protocol for heatwaves on July 18th, 2022. The EAP was activated when Kyrgyzhydromet sent an alert to the National Society of a forecast showing that temperature in the southern region of the country will exceed the 80th percentile for 3 and more consecutive days in July. According to the current projections the city of Osh, Kara-Suu town and neighbouring districts in Osh Oblast, Jalalabad city and neighbouring districts in Jalalabad Oblast and Kadamjay district in Batken oblast are expected to see temperatures between 38-41 degrees between the 21st and the 23rd of July.

Area	Measured	At risk	16.07	17.07	20-21.07	22.07	23.07	24.07	25.07
Osh area	Kara-Suu town	Osh city-Kara Suu town, surrounding districts	35	36	38-40	39-41	39-41	Expected high temperatures to stay or even slightly increase	
Jal area	Jalalabad city	Jalalabad city, surrounding districts	36	37	38-40	39-41	39-41		
Batken area	Kyzyl Kia town	Kadamjay district	38	39	38-40	39-41	39-41		
			Actually recorded		Trigger to be met			Verification in next forecast	

The National Society is working alongside the Ministry of Emergency Situations (MoES) and is initiating action as of July 18th. MoES will start sending Heat Wave warning SMS from July 18th to the three provinces while Kyrgyzstan Red Crescent will start with early action on the areas at risk from the same day.

Early Action Protocol (EAP) in Kyrgyzstan Kyrgyzstan | Heat Wave

Overview of the Early Actions

The following actions are the ones the National Society expects to implement to reduce/mitigate the impacts of the heatwave. For a description and logical framework of the Early Action Protocol, please refer to the [Early Action Protocol summary](#)

Livelihoods and basic needs

Early Actions

- Procure and distribute food parcels for 2500 most vulnerable families

Health

Early Actions

- Distribute coloring books and pencils for children (to prevent children from playing outdoors during heatwave)

Water, sanitation and hygiene

Early Actions

- Procure and distribute hygiene kits (soap, antiseptic hand spray, wet wipes, diapers, etc.) for 2500 most vulnerable households.

Disaster Risk Reduction

People targeted:

Male:

Female:

Early Actions

- Deploy staff/volunteers from HQ to province branch (land and/or Air)
- Heatwave awareness campaign (Early Action)
- Provision of air conditioners in elderly care homes and orphanages and boarding schools for children with disabilities

How we work

All IFRC assistance seeks to adhere to the **Code of Conduct** for the International Red Cross and Red Crescent Movement and Non-Governmental Organizations (NGO's) in Disaster Relief and the **Humanitarian Charter and Minimum Standards in Humanitarian Response (Sphere)** in delivering assistance to the most vulnerable. The IFRC's vision is to inspire, **encourage, facilitate and promote at all times all forms of humanitarian activities** by National Societies, with a view to **preventing and alleviating human suffering**, and thereby contributing to the maintenance and promotion of human dignity and peace in the world.
