Early Action Protocol activation

General Overview:

On 26 October 2022, a Low-Pressure Area (LPA) East of Eastern Visayas developed into a Tropical Depression (TD) and was named "Paeng". On 27 October at 8:00 am, TD Paeng further intensified into a Tropical Storm (TS) and was given an international name NALGAE. According to the Philippine Atmospheric, Geophysical, and Astronomical Services Administration ([PAGASA](#)) update at 11.00 pm on 27 October, further intensification of TC Paeng is likely while moving over warm waters of the Philippine Sea and with the possibility of reaching typhoon category on Saturday, 29 October 2022.

In addition, due to the other weather disturbance, specifically the shearline, intensification of heavy rainfall will be experienced in different parts of Luzon areas and part of Visayas provinces.

Based on the PAGASA's forecast as of 27 October, the cyclone will pass through landmass within the next five days (27 October to 1 November) period affecting 43 provinces. In addition, based on the forecast of 510/IBF¹ incorporating PAGASA forecasts, shelter damages are projected up to 10 per cent in different municipalities in the priority areas under the Early Action Protocol (EAP) for typhoon. Furthermore, chapters have confirmed the capacity to implement the early action within the lead time.

¹ Impact Based Forecasting (IBF)

More details as summarized below:

| Province | Municipalities | % of Shelter Damages (Met/Not Met) | 72 hrs lead time for implementation (Met/Not met) | Other Details | Recommendation |
|----------|--|------------------------------------|--|--|--|
| Aurora | Dingalan, Dilasag, Dipaculao, Baler, San Luis, Maria Aurora, Casiguran, Dinalungan | Met (More than 10%) | Not met but can implement the activities within 48 hrs | With available manpower and assets/equipment Beneficiaries were already identified Farmers already harvested the crops in Area of Responsibility (AOR) | To activate EAP for Shelter Strengthening Kits (SSK) distribution and installation |

Considering the forecast, percentage of shelter damage, and lead time, the Philippine Red Cross (PRC) is activating the EAP for typhoon in the Municipalities of **Casiguran, Dinangulan, Dilasag, and Dipaculao** in Aurora Province. A total of **100 families** are the pre-identified recipient of assistance in the area, where the readiness activities have been conducted.

Overview of the Early Actions

Areas of Focus

Shelter

People targeted: **100 families (500 people)**

Male: **250**

Female: **250**

Early Actions

1. Purchase of the remaining SSK items through the pre-identified supplier.
2. Distribution and installation of SSK items to 100 pre-identified families in the province of Aurora (Municipalities of Casiguran, Dinangulan, Dilasag, Dipaculao).

How we work

All IFRC assistance seeks to adhere to the **Code of Conduct** for the International Red Cross and Red Crescent Movement and Non-Governmental Organizations (NGO's) in Disaster Relief and the **Humanitarian Charter and Minimum Standards in Humanitarian Response (Sphere)** in delivering assistance to the most vulnerable. The IFRC's vision is to inspire, **encourage, facilitate and promote at all times all forms of humanitarian activities** by National Societies, with a view to **preventing and alleviating human suffering**, and thereby contributing to the maintenance and promotion of human dignity and peace in the world.
