

# BAPHALALI ESOWATINI

2025-2027 IFRC network country plan **extract**

Multi-Year Funding Requirement **CHF 13M**

18 December 2024

## In support of the Baphalali Eswatini Red Cross Society

**5**

National Society branches

**122**

National Society local units

**74**

National Society staff

**5,000**

National Society volunteers

## People to be reached

**87,000**

Climate and environment

**1.2M**

Disasters and crises

**168,000**

Health and wellbeing

**30,000**

Values, power and inclusion

## IFRC network multi-year focus

### Longer term needs

- Disaster risk reduction
- Food security and livelihoods
- Climate change adaptation
  - Health
- Water, sanitation and hygiene

### Capacity development

- Humanitarian diplomacy
  - Branch development
- Internal systems strengthening
  - Financial sustainability

## Key country data links

**INFORM Severity rating**

**Medium**

**INFORM Climate Change Risk Index**

**Low**

**Human Development Index rank**

**142**

**World Bank Population figure**

**1.2M**

**World Bank Population below poverty line**

**58.9%**

## Participating National Societies bilateral support for 2025

National Society name	Funding Requirement	Climate	Disasters and crises	Health and wellbeing	Migration	Values, power and inclusion	Enabling local actors
Belgian Red Cross							●
British Red Cross	551,000	●	●	●		●	●
Finnish Red Cross	1M	●	●	●		●	●

Total Funding requirement **CHF 1.6M**

### Hazards

Drought

### Participating National Societies

Belgian Red Cross

British Red Cross

Finnish Red Cross

### IFRC Appeal codes

Longer-term needs:

**MAASZ003**

Floods

Storms

Food insecurity

Social unrest

# NATIONAL SOCIETY PROFILE

As per 2024 Plan. To be updated in full 2025 Plan, as per need

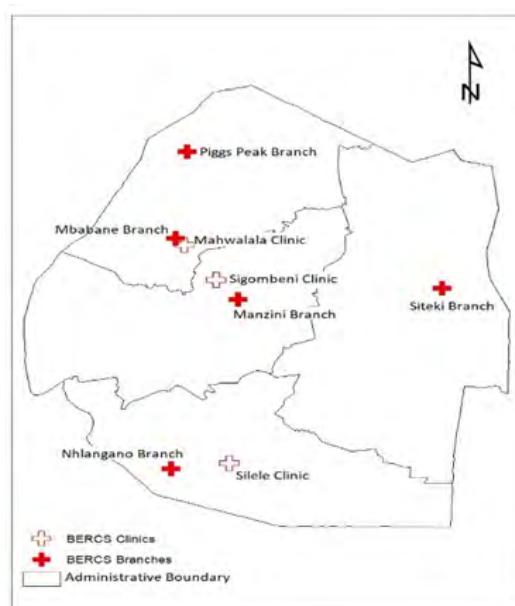

The **Baphalali Eswatini Red Cross Society** was founded in 1933 and was admitted into the International Federation of Red Cross and Red Crescent Societies (IFRC) in its current form in 1979. In 1970, King Sobhuza II, the then patron, named it Baphalali Swaziland Red Cross Society. In the same year, the Baphalali Swaziland Red Cross Act of Parliament legally recognized the National Society's role as an auxiliary to the public authorities to provide humanitarian assistance to those in need.

The National Society's mandate facilitates its cooperation with the government and the administrative authorities, while it remains independent and guided by the fundamental principles of the International Red Cross and Red Crescent Movement. The Baphalali Eswatini Red Cross Society is governed by the national executive committee (board), which is elected by the General Assembly. The board has a total of 14 members, two of which are from the government of Eswatini. The National Society also has a management structure which provides support to the regional offices and oversees the general administration of the National Society while monitoring programme implementation.

The Baphalali Eswatini Red Cross Society continues to provide services to the public on disaster management, healthcare and first aid. These services are provided in collaboration with the deputy prime minister's office. The National Society provides its services to people in Eswatini through five branch offices and three health facilities.

The National Society's Strategic Plan 2021-2025 identifies four broad strategic aims to address the needs of people in Eswatini:

- Disaster management: People anticipate, respond to and quickly recover from crisis
- Health care and livelihood: People lead safe, healthy and dignified lives and have opportunities to thrive
- First aid: People are trained in first aid knowledge and have the skills to provide appropriate care in the event of an emergency
- Community engagement: People mobilize for inclusive and peaceful communities

Map of National Society branches and clinics

*The map does not imply the expression of any opinion on the part of the IFRC or the National Society concerning the legal status of a territory or its authorities*

**The International Federation of Red Cross and Red Crescent Societies (IFRC)** is the world's largest humanitarian network, with 191 National Red Cross and Red Crescent Societies and around 16 million volunteers. Our volunteers are present in communities before, during and after a crisis or disaster. We work in the most hard to reach and complex settings in the world, saving lives and promoting human dignity. We support communities to become stronger and more resilient places where people can live safe and healthy lives, and have opportunities to thrive.

### About the plan

*This extract will be replaced by the full plan soon.*

The plan reflects the priorities of the host National Society, the IFRC and National Societies providing international support, for 2025 and subsequent years. It is aligned with IFRC [Strategy 2030](#), representing the collective ambitions of the IFRC membership, and is the result of a joint planning process and will serve for joint monitoring and reporting. It will be revised on an annual basis to adjust priorities and funding requirements to the needs in-country.

### Explanatory note on funding requirements

- The total funding requirements show what the IFRC network seeks to raise for the given year through different channels: funding through the IFRC, through participating National Societies as bilateral support, and through the host National Society from non-IFRC network sources. All figures should include the administrative and operational costs of the different entities
- Host National Society funding requirements not coming from IFRC network sources can comprise a variety of sources, as demonstrated when reporting on income in the [IFRC Federation-wide Databank and Reporting System](#)
- Participating National Society funding requirements for bilateral support are those validated by respective headquarters, and often represent mainly secured funding
- IFRC funding requirements comprise both what is sourced from the IFRC core budget and what is sought through emergency and thematic funding. This includes participating National Societies' multilateral support through IFRC, and all other IFRC sources of funding
- Figures for the years beyond 2025 most often represent partial requirements that are known at time of publication. Many National Societies have annual internal approval processes for funding requirements, and lower figures do not mean a decrease in funding requirements in future years
- Missing data and breakdowns: data may not be available from all IFRC network members for funding requirements. This may lead to inconsistencies across different reporting tools as well as potential under-estimation of the efforts led by all
- Reporting bias: the data informing this Federation-wide overview is self-reported by each National Society (or its designated support entity) which is the owner and gatekeeper, and responsible for accuracy and updating. IFRC tries to triangulate the data provided by the National Societies with previous data and other data in the public domain
